## Ethics of Character

0.5 in  
Indent

The first step in making ethical decisions remains as the most preferred way in enacting informed choices. The second entails taking a systematic approach. It is critical to analyze various components concerning what constitutes a moral action. According to Aristotle, six primary elements guide moral character in any social set up. Notably, they include moral imagination which argues that routine relationships and choices play a significant part in an ethical dimension. Moral ordering and identification rank as the second element in the identification of critical issues and determining priorities. Honest evaluation constitutes the third element entailing application of analytical skills in the assessment of options. Tolerating ethical disagreements and ambiguity is the fourth element which focuses on agreeing on courses of action. The fifth focuses on the
