

Child Psychology – Child Observation Assignments

You must do two of the following assignments. **The first assignment is due March 5, 2009**
The Second assignment is due April 23, 2009

Please complete the assignments in chronological order by the age of the child.

Papers are to be at least five pages in length and are to be double spaced and thoroughly proofread. Grammatical/spelling mistakes will impact your over all grade. Please use APA format. The library website contains the APA guidelines. Papers will only be accepted on the due date prior to or during class. Extensions will only be granted under dire and documented circumstances.

Each paper should have a bibliography. Sources are to be scholarly in nature. Books, journal articles and scholarly websites only. You must use at least two different mediums. A list of websites is not acceptable. When using websites you must make sure they are of a scholarly nature. To determine this go to the library's website and follow their guidelines. Popular media and websites like Wikipedia are not scholarly.

When you observe the children for each assignment, please make sure and have the Field Work Log signed. You can find a copy of the log on my website (faculty.msmc.edu/scoo8662). This is a requirement for this course as well as your education courses (for those of you wishing to become teachers).

You will be doing observations and interviews. If you get permission you may be able to record your interviews. This may be easier than having to write during the interview and allow conversation to flow more smoothly. Please make sure and make the interview casual and fun for the subject. If they become upset at any time you should stop your line of questioning and alert a responsible adult (parent or teacher). Enjoy interacting with and observing the children.
