The Interface Between the Written and the Oral ,1993 "The" Interface Between the Written and the Oral Jack Goody,1988

The Interface between the Written and the Oral Jack Goody,1987-07-09 Whilst the fundamental significance of the spoken language for human interaction is widely acknowledged that of writing is less well known and in this wide ranging series of essays Jack Goody examines in depth the complex and often confused relationship between oral and literate modes of communication He considers the interface between the written and the oral in three cultures or societies with and without writing and that within the linguistic life of an individual Specific analyses of the sequence of historical change within writing systems the historic impact of writing upon Eurasian cultures and the interaction between distinct oral and literate cultures in West Africa precede an extensive concluding examination of contemporary issues in the investigation whether sociological or psychological of literacy A substantial corpus of anthropological historical and linguistic evidence is produced in support of Goody s findings which form a natural complement to his own recently published study of *The Logic of Writing and the Organization of Society*

Folklore ,2002 **Race-ing Representation** Kostas Myrsiades,Linda Myrsiades,1998 This collection takes on the problem of representing race in the context of a master language and culture These essays discuss this problem in terms of the ongoing struggle to redefine the self as speaker that is to re construe our understanding of history sexuality and speech itself in a continuing battle for self definition As a totality these essays explode the notion of race as a natural boundary between groups and pose a variety of possible constructions that force us to accept race not as a category but as a practice Kostas and Linda Myrsiades have brought together scholars whose varied essays explore the issues of voice history and sexuality in such diverse venues as detective fiction the Clarence Thomas hearings the witches of Salem the Harlem Renaissance and the work of Toni Morrison demonstrating that resistance to race ing is both meaningfully engaged as a cultural possibility and rewritten as a linguistic practice
