

CELL EXPLORATION ACTIVITIES

FIRST THIS IMPORTANT MESSAGE FROM YOUR TEACHER:

This packet contains different activities that are all about cells. The activities may be done in any order unless I say otherwise, **EXCEPT FOR # 12—DO THAT ONE LAST!** They will pretty much follow what we do as a class so you might want to do them in order. These activities will be done in class but you can also do them at home. They are written so that you can do them **INDEPENDENTLY** and **WITHOUT** me. If you do get stuck, go on to another activity or ask a classmate for help until you can meet with me. Make sure you do your best since these will count as a **TEST GRADE**. Some of these activities you will do by yourself or with others (see key below). You must have a **NEW PARTNER** each time and **BEWARE**, if I don't get a sense that you are doing the work (not watching others do it), talking about the work (not your social life) or making progress on the work, (not just havin' a good time) you'll be asked to do it by yourself or after school under my supervision. Remember, choices come with consequences.

Use the checklist below to make sure you keep track of completed activities.
