Text Structure

### Background

Standard RI.4.5 asks readers to determine the overall structure of text. Other workers inserted long rows of thread into looms that quickly turned the fibers into sheets of fabric. No longer did anyone have to do all the work by hand.

5 As more families chose to purchase their fabric rather than make it, mill owners quickly looked for new workers. Many people at this time were poor so entire families often agreed to work for a mill company. This included the children too! Everyone had a job. Although entire families agreed to work, they were still paid small amounts of money. As time progressed, company owners looked for
