

# COMPASS 2

Alerton's Compass Supervisor provides an intuitive, scalable user experience. Compass delivers customizable navigation, visual system cues, quick access to data, user security, advanced scheduling, alarm management and graphical representation of single or multiple buildings' systems. These features enable building operators and facility engineers to quickly identify and resolve system issues, while improving efficiencies and reduce budgets through an advanced scheduling interface.

Graphic controls bring data to life. The adaptive OmniGraphic images transform background images into interactive controls to visually communicate and indicate system status, and occupants comfort levels. Experienced users have access to advanced features such as the summary display, which can provide a wide variety of complex, interactive data on one screen. Seamlessly converts Alerton legacy graphics (bitmaps) to HTML 5 format, enabling you to quickly integrate graphic content to the web without using Flash and third-party plugins.

Compass offers a sophisticated tool set to support any mission-critical facility, including those requiring FDA, CFR21 compliance. Enhanced reporting and a secure SQL Database allow the generation of compliance reports, while LDAP authentication enables the scheduling of secure emails. With improved localization feature, multiple Web-UI users can connect to the same Compass System using their native language and comfortable numeric formats. An interactive table of data (Summary Page) allows users to sort tables and edit the value of multiple points in a single operation. Provides detailed User Activity Log allows a full audit trail of all changes made to the system.

Compass is a powerful, dynamic interface enabling users to monitor and control their facilities from anywhere, at any time. Compass incorporates the latest browser technology and is truly a marriage of current technologies and building automation - offering an unparalleled user experience.
