Ingenious Women:

Ingenious Women Deborah Jaffé, 2003 This delightfully illustrated book examines inventions and discoveries made by women beginning with the first patent application made in 1637 and ending with the outbreak of war in 1914 Lively accounts of the stories of the inventions are placed into the context in which their discoveries were made and the struggle they had to acquire patents and put their inventions into production In covering this previously obscure part of women s lives the practical way in which women have made an enormous contribution to social change and scientific advance is revealed

Godey's Lady's Book ,1896 My Fair Ladies Julie Wosk, 2015-07-28 The fantasy of a male creator constructing his perfect woman dates back to the Greek myth of Pygmalion and Galatea Yet as technology has advanced over the past century the figure of the lifelike manmade woman has become nearly ubiquitous popping up in everything from Bride of Frankenstein to Weir Science to The Stepford Wives Now Julie Wosk takes us on a fascinating tour through this bevy of artificial women revealing the array of cultural fantasies and fears they embody My Fair Ladies considers how female automatons have been represented as objects of desire in fiction and how living dolls have been manufactured as real world fetish objects But it also examines the many works in which the perfect woman turns out to be artificial a robot or doll and thus becomes a source of uncanny horror Finally Wosk introduces us to a variety of female artists writers and filmmakers from Cindy Sherman to Shelley Jackson to Zoe Kazan who have cleverly crafted their own images of simulated women Anything but dry My Fair Ladies draws upon Wosk s own experiences as a young female Playboy copywriter and as a child of the feminine mystique era to show how images of the artificial woman have loomed large over real women s lives Lavishly illustrated with film stills artwork and vintage advertisements this book offers a fresh look at familiar myths about gender technology and artistic creation **Godey's Magazine** ,1896 Women's Creativity since the Modern Movement (1918-2018) Helena
