

Decimal Performance Task Cards

By
The Trend "E" Teacher

Product Description:

Students will use these as a center activity. Students will practice their knowledge of decimals for each task card. Students will record their answers on Answer Sheet provided. Also, you may decide to play the game SCOOT. During this activity, students will stand up and move to where different cards are located. Timer will be used by teacher where students will "SCOOT" to the next card when the timer goes off. I suggest that teachers invest in card stock and have these laminated. The initial work will pay off given that you will be able to use these year after year.
