Society Series this contributed volume is the only collection of essays on television authorship It includes work of some of the
most prominent scholars in television studies Rather than assigning one author to individual television texts the contributors
probe the relationship between the various authors at work within the institutional cultural and economic settings that
characterize the television industry This book analyzes and defines the unique methods of television authorship and suggests
numerous candidates for authorial accountability allowing the medium to enter the realm of contemporary criticism The first
part of the volume provides a case study in four chapters on authorship issues surrounding Frank s Place the short lived but
compelling situation comedy This is followed by three chapters focusing on issues of authorship in international television
The book then probes the studio s role as author including essays on Warner Brothers Desilu and Screen Gems Finally the
contributors examine individual TV authors and cover such topics as point of view in music video television production as
collective action and unconventional television **Year Book of Radio and Television** ,1962 **Broadcasting & Cable**
