[The Chess Master](#) Pauline W. Mansfield, 2009-07-24 *The Chess Master* started as a challenge to the authors son to write a book about his passion the game of chess The challenge then became her challenge to deliver a message about our need to surrender to what God knows is best for us This book gives a unique comparison of the game of chess to real life Each piece on the chessboard

mirrors our lives as relates to our Mothers Fathers our homes the church ourselves as workers and our Protector By sharing personal stories the author takes us on a journey across the board of life This authors personal mission is to touch and change the lives of readers by helping them to see ways in which to improve their lives through prayer commitment to God and surrender to His will *Creede* Lydia Smith,2013-06 After receiving Lori s message I called my parents to see if they would keep the boys while I was gone That phone call didn t go as planned Mom and Dad decided that they needed a vacation and it would be great fun to take the boys and fly with me to Colorado Mom was sure that there would be plenty of room in the jet They could all fish raft hike and have fun while Lori and I met with the local authorities and tried to help Cassie The big jet that Lori had chartered was certainly large enough to carry the five of us and my parents could rent a cabin at Steiner s Ranch It might be fun for the boys Tyler and Cody have always loved going to Colorado for vacations So there we all sat on a jet heading for Creede The trip was uneventful for the most part Of course my family s interpretation of uneventful is far beyond what most normal families call uneventful An uneventful week for our family is one where only one trip to the hospital is necessary Tyler mostly read or played with his dinosaurs But we almost had a drowning tragedy when the Tyrannosaurus rex got stuck in the toilet as he was getting a drink Tyler had gone to use the bathroom and decided that the T rex was thirsty He tried to explain to me why the T rex had to drink out of the toilet instead of the sink But for some reason I just couldn t grasp the logic in it I tried but couldn t get the hard rubber T rex out of the hole So we called on the man that can fix anything especially if he has his duct tape with him Dad tried pulling on the T rex but it was stuck good and tight It appeared that one of the legs was hung on something under the lid and wouldn t budge Finally Dad wedged his hand between the toy and the side of the toilet so he could feel what it had gotten hung on That was easier said than done since the hole in the toilet was about five inches in diameter and had a hinged cover that opened and closed whenever the lever was pushed At least half of the T rex was stuck in the hole and the cover had tried to close over it I could hear muttering coming from Dad His head was turned down and away from me and Tyler was crying as loud as he could so I couldn t hear anything Dad said I asked him to repeat what he had just said I heard louder mutterings and could make out something about these damned dinosaurs It finally dawned on me that Dad s arm was literally stuck He couldn t pull it out and he couldn t push it further in Considering where his arm was I didn t think pushing it further in was a very good idea anyway I didn t mention that fact to Dad though because he didn t look like he was in the mood to take any advice at the moment In fact in situations like this one it was always best to call on the boss I yelled for Mom to come and help Now there are three adults one child and one toy dinosaur in this tiny airplane bathroom It was getting pretty claustrophobic and Dad s coloring wasn t looking very good to me His face was dark red and the veins on his neck and forehead were popping out I couldn t tell if it was from bending over so long or being just plain mad It didn t really matter I was concerned that he might pass out Mom wedged her way out of the bathroom and headed to the galley She brought back some cooking spray I give her a quizzical

look and she shrugged her shoulders They didn't have any oil was all she said She leaned over Dad and covered his arm with the cooking spray Rubbing the oil all over his arm she started pushing it into and pulling it out of the hole Every once in a while she would spray more oil on his arm It didn't look like this was working very well to me Mom looked up at me and said Lean around me and pull open the cover to the hole so I can get more oil on the lower part of your dad's arm I looked at her like she was nuts You are crazy if you think I'm going to touch that thing with my hands bare or otherwise I

**Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 11: Khayyami Robaiyat: Re-Sewing the Tentmaker's Tent: 1000 Bittersweet Wine Sips from Omar Khayyam's Tavern of Happiness** Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 11th volume subtitled Khayyami Robaiyat Re Sewing the Tentmaker's Tent 1000 Bittersweet Wine Sips from Omar Khayyam's Tavern of Happiness Each book independently readable can be best understood as a part of the whole series In Book 11 having shared the three parts of the Robaiyat attributed to Khayyam in the Books 8 9 and 10 of the series Tamdgidi offers the entire set of the 1000 quatrains including the Persian originals and his new English verse translations for each The poems comprising Khayyam's songs of doubt hope and joy are organized according to the three phased method of inquiry he introduced in his philosophical writings respectively addressing the questions Does Happiness Exist What Is Happiness and Why Does or Can Happiness Exist When Khayyam discussed the three phased method of inquiry in his treatise Resalat fi al Kawn wa al Taklif Treatise on the Created World and Worship Duty he noted an exception to the rule of asking when studying any subject whether it exists what it is and why it exists or can exist He distinguished between things objectively existing independent of the human mind and those created by the human mind The normal procedure applies to the former but for products of the human mind he advised the procedure must be modified to asking first what something is then whether it exists and then why it exists or can exist This is because for products of the human mind such as created works of art we would not know whether something exists and why it exists unless we first know what it is To illustrate his point he used the example of the mythical bird Anqa Simorgh in Persian or the Phoenix in English He argued that only when we know what the metaphor stands for would we be able to say whether it exists say in a work of art or even as a person represented by it and why it exists or can exist Khayyam's elaboration implies that one has to make a distinction between objective and human objectified realities which implies that for some objects such as happiness we in fact confront a hybrid reality where aspects of it may be externally conditioned but other aspects being dependent on the human will Once we realize the significance of Khayyam's point then we appreciate that his Robaiyat can also be regarded as a way of poetically portraying and advancing human happiness its poetic Wine being not just reflective but also generative of the happiness portrayed By way of his poetry therefore Khayyam has offered a severe critique of the then prevalent fatalistic astrological worldviews blaming human plight on objective conditions in favor

of a conceptualist view of reality in which happiness can be achieved despite the odds depending on the creative human agency itself being an objective force Tamdgidi further shows that the triangular geometry of the logic governing Khayyam's Robaiyat the numerical values of whose three sides are proportional to the Grand Tent governing Khayyam's birth chart further supports the view expressed in Khayyam's own quatrains that for him his Robaiyat poetically represented the tent of which he regarded himself to be a tentmaker revealing another key explanation for his pen name The geometric structure of a tent proportional to the Grand Tent of Khayyam's chart as well as the metaphor of the Robaiyat as Simorgh songs are hidden in the deeper structure of Khayyam's 1000 piece solved puzzle the same way he embedded his own triangular golden rule in the design of the North Dome of Isfahan Khayyam's Robaiyat are his Simorgh's millennial rebirth songs served in his tented tavern as 1000 sips of his bittersweet Wine of happiness
