United States. War Dept. Division of Militia Affairs,1908 **Retribution in Chronicles** Neil J. Morrison ,2024-12-13 Neil J Morrison seeks to explain the lack of systematization in the outworking of retribution in Chronicles While retribution is designed to foster religious commitment it is often constrained by other factors so that the divine and human poles of the nexus come to predominate at different points **The Third Day at Gettysburg and Beyond** Gary W.

Gallagher,2000-11-09 The six essays in this volume testify to the enduring impact of the Civil War on our national consciousness Covering subjects as diverse as tactics the uses of autobiography and the power of myth making in the southern tradition they illustrate the rewards of imaginative scholarship even for the most intensely studied battle in America s history The Third Day at Gettysburg and Beyond brings current research and interpretation to bear on a range of pivotal issues surrounding the final day of the battle July 3 1863 This revisionist approach begins by expanding our knowledge of the engagement itself individual essays address Confederate general James Longstreet s role in Pickett s Charge and Union general George Meade s failure to pursue Lee after the fighting Other essays widen the scope of investigation to look at contemporary reactions to the Confederate defeat across the South the construction of narratives by the participants themselves from Confederate survivors of Pickett s assault to Union sergeant Ben Hirst and the reverberations of Pickett s final momentous charge Combining fresh evidence with the reinterpretation of standard sources these essays refocus our view of the third day at Gettysburg to take in its diverse stories of combat and memory The contributors are Gary W

Michael F. Morris,2024-08-07 The Vietnam War ended nearly fifty years ago but the central paradox of the struggle endures how did the world s strongest nation fail to secure freedom for the Republic of Vietnam Michael F Morris addresses this vexing question by focusing on the senior Marine headquarters in the conflict s most dangerous region Known as I Corps the northern five provinces of South Vietnam witnessed the bloodiest fighting of the entire war I Corps also contained the Viet Cong s strongest infrastructure key portions of the Ho Chi Minh Trail and the important political and economic prizes of Hue and Da Nang For Americans it was the site of the first major military operation Operation STARLITE the Battles of Hue City and Khe Sanh during the 1968 Tet Offensive and a military innovation known as the Combined Action Platoon CAP a counterinsurgency technique designed to secure the region s villages The Marine zone served as Saigon s canary in the coal mine if the war was to be won allied action must succeed in its most contested region With such deep significance I Corps holds many answers to the lasting questions of the Vietnam War Following the Marine Amphibious Force III MAF the primary

US tactical command in I Corps from 1965 to 1970 Corps Competency provides the first composite analysis of the critical role of the senior Marine headquarters and offers a coherence missing in piecemeal accounts Despite the critical importance of I Corps relatively little is known about its overall impact on the war due to disconnected and patchy historical study of the region In this comprehensive and newly insightful study of the Vietnam War Michael Morris tells a story that illustrates what can happen when a corps headquarters is not ready for the conflict it encounters and then fights the war it wants to rather than the one it must The views expressed in this work are those of the author and not the official position of the United States government Department of Defense Department of the Navy United States Marine Corps or Marine Corps University
