Advanced Hybrid and Electric Vehicles Michael Nikowitz,2016-04-05 This contributed volume contains the results of the research program Agreement for Hybrid and Electric Vehicles developed in the framework of the Energy Technology Network of the International Energy Agency The topical focus lies on technology options for the system optimization of hybrid and electric vehicle components and drive train configurations which enhance the energy efficiency of the vehicle The approach to the topic is genuinely interdisciplinary covering insights from fields The target audience primarily comprises researchers and industry experts in the field of automotive engineering but the book may also be beneficial for graduate students

Valuing Plastic Julie Raynaud,2014 The objective of this report is to help companies manage the opportunities and risks associated with plastic use It articulates the business case for companies to improve their measurement disclosure and management of plastic use in their designs operations and supply chains In order to provide a

sense of scale the report sets out to quantify the physical impacts of plastic use translated into monetary terms This metric can be seen as the current value at risk to a company should these external impacts be realised internally through mechanisms like strengthened regulation loss of market share or increased price of raw materials and energy This metric can also be used to help understand the magnitude of the opportunities and the tangible benefits to stakeholders including shareholders of using plastic in an environmentally sustainable way

Presidents and Mass Incarceration Linda K. Mancillas,2018-01-12 Taking an innovative approach this book looks at how U S presidents and their administrations policies from the late 1960s to 2017 have led to rampant over imprisonment and a public policy catastrophe in the United States Mandatory minimum sentencing three strikes and you re out legislation harsher sentences and less parole and probation the result of draconian criminal justice policies in the last six decades is that the United States is the largest incarcerator in the world surpassing Russia and China with significant overrepresentation of African Americans and Latinos in U S prisons especially for low level nonviolent drug offenses Presidents and Mass Incarceration Choices at the Top Repercussions at the Bottom shows how American presidents from Lyndon B Johnson to Donald J Trump have operated as significant political criminal justice entrepreneurs and how the leadership choices made at the top by these chief executives have severe repercussions for the citizens at the lowest levels of our communities Linda K Mancillas references State of the Union Addresses presidential initiatives laws passed by Congress Supreme Court decisions and public opinion on high profile crime events to assemble a cohesive framework of data that supports each president s impact on the incarceration explosion Readers will come away with a greater appreciation for the complexity and magnitude of the political economic and societal issue of over imprisonment that both the federal and state governments are attempting to address *Government reports annual index* ,199? *Automotive News* ,2007
