[Declaration of the Rights of Human Beings](#) Raoul Vaneigem, 2019-01-01 A declaration of rights is indispensable in order to halt the ravages of despotism So wrote the revolutionary Antoine Barnave in support of the Declaration of the Rights of Man and of the Citizen 1789 Over two centuries after the Great French Revolution Raoul Vaneigem writes that today in a situation comparable to the condition of France on the eve of its Revolution we cannot limit ourselves to demanding liberties the so called bourgeois freedoms that came into being with free trade for now the free exchange of capital is the totalitarian form of a system which reduces human beings and the earth itself to merchandise The time has come to give priority to the real individual rather than to Man in the abstract the citizen answerable to the State and to the sole dictates of God s successor the economy Sometimes playful or poetic always provocative Vaneigem reviews the history of bills of rights before offering his own call with commentary for fifty eight rights yet to be won in a world where the freedoms accorded to Man are no longer merely the freedoms accorded by man to the economy Every human being has the right for example to become

human and to be treated as such to dispose freely of their time to comfort and luxury to free modes of transport set up by and for the collectivity to permanent control over scientific experimentation to association by affinity to bend toward life what was turned toward death to the flux of passions and the freedoms of love to a natural life and a natural death to hold nothing sacred to excess and to moderation to desire what seems beyond the realm of the possible Readers of Vaneigem's now classic work *The Revolution of Everyday Life* will find much to engage with in this unique work of subversive utopianism [British Museum Catalogue of printed Books](#), 1897 **A Brief Declaration of the Lord's Supper** Nicholas Ridley, 1895 **The Continuity of Scripture as Declared by the Testimony of Our Lord, and of the Evangelists and Apostles** William Page Wood (Baron Hatherley, Lord High Chancellor of England.), 1869 [The Legacy of the Barmen Declaration](#) Fred Dallmayr, 2019-07-25 In 1934 during the Nazi regime in Germany members of the Confessing Church issued the Declaration of Barmen which reaffirmed their primary loyalty to the word of God With their action they established a legacy for future generations to follow in similar situations This volume examines the historical political and theological context of the creation of the Barmen Declaration as it constituted an act of theological and political resistance against tyranny terror and fascism The work of the Barmen Declaration demonstrated clearly and powerfully the this worldly ethical and political salience of religion and theology to empower witness resistance and solidarity Containing contributions from an inclusive array of renowned scholars the volume unfolds the lasting legacy and continued relevance of Barmen [The declaration of clergy on ritual.
