Island of Guanyin Marcus Bingenheimer, 2016-03-15 Among Chinese religious sites Mount Putuo the Island of Guanyin stands out as a fascinating embodiment of China s vibrant Buddhist tradition A small island in the East China Sea it has been the single most important pilgrimage site for the worship of Guanyin the beloved Bodhisattva of Compassion who is venerated from Sri Lanka to Japan Attracting thousands of visitors every year the site has accumulated a multi layered historical record as it appears in different lights in poems biographies maps and legends across the centuries From its foundation in Mahayana Buddhist scriptures to its descriptions in local histories known as gazetteers Mount Putuo s distinctive profile makes it an abiding landmark throughout the checkered history of Chinese Buddhism This book the first monograph on Mount Putuo in any language follows the structure of a gazetteer as it presents important texts about this sacred site which are here translated for the first time groups them according to the individual genres found in the gazetteers and analyzes their function This brings out the full meaning of the texts against their historical geographical and religious contexts producing a panoramic view of Mount Putuo through the lens of its textual heritage Revealing the dense fabric of one deep rooted devotional tradition the book will be of interest to all students of Asian Buddhism
