UN Peace Operations Eirin Mobekk, 2016-12-08 This book assesses the UN Peace Operations in Haiti and establishes what lessons should be taken into account for future operations elsewhere Specifically the book examines the UN's approaches to security and stability demobilisation disarmament and reintegration DDR police justice and prison reform democratisation and transitional justice and their interdependencies through the seven UN missions in Haiti Drawing on extensive fieldwork and interviews conducted in Haiti it identifies strengths and weaknesses of these approaches and focuses on the connections between these different sectors It places these efforts in the broader Haitian political context emphasises economic development as a central factor to sustainability provides a civil society perspective and discusses the many constraints the UN faced in implementing its mandates The book also serves as a historical account of UN involvement in Haiti which comes at a time when the drawdown of the mission has begun In an environment where the UN is increasingly seeking to conduct security sector reform SSR within the context of integrated missions this book will be a valuable contribution to the debate on intervention UN peace operations and SSR This book will be of interest to students of peace operations and peacekeeping conflict studies security studies and IR in general *Women and Militant Wars* Swati Parashar, 2014-03-05 This book explores women's militant activities in insurgent wars and seeks to understand what women do in wars In International Relations inter state conflict anti state armed insurgency and armed militancy are essentially seen as wars where collective violence against civilians and security forces is used to achieve political objectives Extending the notion of war as politics of injury to the armed militancy in Indian administered Kashmir and the Tamil armed insurgency in Sri Lanka this book explores how women participate in militant wars and how that politics not only shapes the gendered understandings of women's identities and bodies but is in turn shaped by them The case studies discussed in the book offer new comparative insight into two different and most prevalent forms of insurgent wars today religio political and ethno nationalist Empirical analyses of women's roles in the Sri Lankan Tamil militant group the LTTE and the logistical ideological support women provide to militant groups active in Indian administered Kashmir suggest that these insurgent wars have their own gender dynamics in recruitment and operational strategies Thus *Women and Militant Wars* provides an excellent insight into the gender politics of these insurgencies and women's roles and experiences within them This book will be of much interest to students and scholars of critical war and security studies feminist international relations gender studies terrorism and political violence South Asia studies and IR in general ***Indonesia's Foreign Policy and Grand Strategy in the 21st Century*** Vibhanshu Shekhar, 2018-03-14 This book examines the changes in Indonesian foreign policy during the 21st century as it seeks to position itself as a great power in the Indo Pacific region The rise of 21st century Indonesia is becoming a permanent fixture in both the domestic and global discourses Though there has been an increasing level of discussion on Indonesia's emerging power status there has been little discussion on how the country is debating and

signalling its new found status This book combines the insights of both neo classical realism and social identity theory to discuss a reset in an emerging Indonesia s foreign policy during the 21st century while emphasizing domestic drivers and constraints of its international behaviour There are three key organizing components of the book emerging power status signalling and the Indo Pacific region The Indo Pacific region constitutes a spatial framing of the book the emerging power provides an analytical category to explain Indonesia s changing international status and status signalling explains multiple facets of international behaviour through which the country is projecting its new status Though leaders are adding different styles and characteristics to the rising Indonesia narrative there are a few unmistakable overarching trends that highlight an increasing correlation between the country s rising power and growing ambition in international behaviour This book is built around four key signalling strategies of Indonesia as an emerging power expanded regional canvas power projection leadership projection and quest for great power parity They represent Indonesia s growing desire for a status consistent behaviour its response to the prevailing strategic uncertainty in the Indo Pacific region and its attempt to advance its strategic interests This book will be of much interest to students of South East Asian politics strategic studies international diplomacy security studies and IR in general
