Founded by Jeff Bezos on July 5, 1994, Amazon is a tech giant that easily takes the crown of the world's largest retailer in relation to their market capitalization and revenue. If you've shopped online, it's very likely that you've shopped at Amazon. If you have any experience with online shopping, you know that it can be fraught with many problems. For instance, you can experience payment problems where the sticker price on an item before you buy it is not the same price charged where an item listed as offering free shipping ends up charging your credit card for shipping, and of course instances where after purchasing your goods takes way longer than normal to ship to you. It could also be that the wrong item is delivered to you or what was delivered is not what was described. It's for these reasons and many others that we shall discuss shortly that most big retailers have an adept customer support team that's capable of resolving any issues that may arise during the customer purchase cycle or process. Amazon is no exception. Irrespective of which issues you have with your Amazon order, whether you have a problem with delivery of a specific order, the amount charged to your credit card, or you want to learn about specific services Amazon offers
