they are thought of as obnoxious but lovable family members. If anything, dogs can sometimes be a tad bit too enthusiastic and that is when obedience training comes in handy. Obedience training will help give your dog the discipline that they need to wreck less havoc in your household and will help eliminate a lot of the stress that stems from having an untrained dog. Dog training and obedience classes can be costly but they are also not necessary. It is possible to train your dog yourself at home to follow some basic commands such as sit, come, down, stay, heel, leave it, and go to your spot. If you would like to train your dog without spending extra money for fancy classes, this is the book for you.

**Rover, Don't Roll Over** Jody Rosengarten, 2004

Imagine how easy dog training would be if your dog could tell you exactly how to get the results you want. In *ROVER DON'T ROLL OVER*, professional dog trainer and behavioral therapist Jody Rosengarten taps into our four-legged friends' perspective to present new, more realistic approaches to dog training. Does your dog insist on sleeping on your bed? It's okay, let him. Does your pup want to eat people food? Don't worry, go ahead. You don't have to practice training with your dog at least not in any obvious way, and the words you choose to use during training don't matter really. This pro-dog, anti-dogmatic manual rejects the rigidity of traditional obedience classes in lieu of kinder, gentler practices that encourage your dog's natural joie de vivre. Written for thinking dog lovers who want to better understand what makes their companions tick, *ROVER DON'T ROLL OVER* is for busy owners who want a well-behaved dog but don't want to spend a lot of free time getting there. Spoil your dog but teach her to listen too; this alternative guide offers proven yet flexible training methods that honor human and canine alike. An alternative approach to dog training for first-time puppy owners as well as dog devotees. Features real-life training options that honor the individuality of both owner and dog.
