A Class Apart:

A Class Apart Alec Klein, 2008-08-12 Klein presents a riveting account of the students and teachers at perhaps the best public high school in the country New York City's Stuyvesant High School and the enormous academic pressures placed on them [A Class Apart](#) Susan Lewis, 1997 **The Ministry of the Spirit** Roland Allen, 2011-09-06 Roland Allen is renowned for his original solutions to dilemmas about mission His principal works were written in the opening decades of the twentieth century yet his radical ideas still resound in today's church The Ministry of the Spirit brings together some of his shorter pieces which have long been unavailable enabling today's readers to delve deeper into Allen's ideas Among them are Pentecost and the World Non Professional Missionaries Mission Activities and an abbreviation of The Case for Voluntary Clergy The writings collected in The Ministry of the Spirit sit with Allen's better known work and are no less penetrating and suggestive for the mission of the church Allen's fundamental belief in centrality of the work of the Holy Spirit to Church life shapes his conclusion As Professor Lamin Sanneh says in his Foreword it is hard to believe that Allen first broached these ideas nearly a hundred years ago for they are so redolent with contemporary meaning Roland Allen's experience as a missionary in North China led him to re-assess radically the missionary principles of the Western churches His work recognized as prophetic even in his own lifetime has taken on a new significance in the third Christian millennium *James Franco* Christie Brewer Boyd, 2012-10-19 This biography profiles that life and work of actor James Franco Franco got his acting start on the cult television show *Freeks and Geeks* and became a Hollywood A-lister when he was cast opposite Tobey McGuire as Spidey's best friend in *Spiderman* Yet Franco found himself in the unusual position of not enjoying his status as an A-list actor Looking around for something more brought him back to college where he found deep satisfaction and inspiration In addition to being an actor and a student he has sought to become a director an independent filmmaker a writer a photographer and a conceptual artist **Classes Apart** Philip O'Mara, 2008-10-01 Paul Marriot the secretary of the Barnstorm Village Sunday soccer team and coach of a school cricket team in Yorkshire England becomes involved with Emma Potter the sister of a major player for their bitter rivals Thus begins an entangled web of romance and conflict [The Making of Chicana/o Studies](#) Rodolfo Acuña, 2011 The Making of Chicana/o Studies traces the philosophy and historical development of the field of Chicana/o studies from precursor movements to the Civil Rights era to today focusing its lens on the political machinations in higher education that sought to destroy the discipline As a renowned leader activist scholar and founding member of the movement to establish this curriculum in the California State University system which serves as a model for the rest of the country Rodolfo F. Acuña has for more than forty years battled the trend in academia to deprive this group of its academic presence The book assesses the development of Chicana/o studies an area of studies that has even more value today than at its inception myths about its epistemological foundations have remained uncontested Acuña sets the record straight challenging those in the academy who would fold the discipline into Latino studies shadow it under the

dubious umbrella of ethnic studies or eliminate it altogether Building the largest Chicana o studies program in the nation was no easy feat especially in an atmosphere of academic contention In this remarkable account Acu a reveals how California State University Northridge was instrumental in developing an area of study that offers more than 166 sections per semester taught by 26 tenured and 45 part time instructors He provides vignettes of successful programs across the country and offers contemporary educators and students a game plan the mechanics for creating a successful Chicana o studies discipline and a comprehensive index of current Chicana o studies programs nationwide Latinas os of which Mexican Americans are nearly seventy percent comprise a complex sector of society projected to be just shy of thirty percent of the nation s population by 2050 The Making of Chicana o Studies identifies what went wrong in the history of Chicana o studies and offers tangible solutions for the future
